

PF2 Precision Panel Frame Instruction Sheet

Introduction

The PF2 accommodates any two 1/2 frame Precision Panels. The kit includes a full-size Precision Panel frame, an insert with pre-drilled holes for the mounting of two 1/2 Frame Precision Panels, mounting screws (8), and a blank 1/2 frame plate to cover an unused half of the frame. PBKT6P new-construction brackets are available, or the PF2 can easily be retro-fitted using the four clamping legs attached to the frame, which clamp the panel securely to drywall.

Note: The PF2 is required for the installation of all 1/2 frame Precision Panels.

Features

- Frame & Insert for Installing Two 1/2 Frame Precision Panels
- Blank 1/2 Frame Plate & Mounting Screws Included
- PBKT6P Rough-In Brackets Available
- Required for Installation of All 1/2 Frame Precision Panels

Installation

Rough-In

(Cutout Dimensions: 8"W x 10.5"H)

A new construction rough-in bracket (PBKT6P) is available for the PF2. The sliding frame on metal straps adjusts to any location between studs. Adjust the straps as shown below and screw or nail the bracket to the stud.

The PS12 frame is equipped with four clamping legs which, when tightened, clamp the frame securely against the rough-in bracket or, in retrofit applications, against the drywall.

Mounting 1/2 Frame Precision Panels to the PF2

Each PF2 can be used to mount two 1/2 Frame Precision Panels. Each 1/2 Frame Precision Panel mounts from the back of the PF2. Use four screws (included with the 1/2 frame Precision Panel) inserted from the front of the PF2 as shown below. Use the blank 1/2 Frame Plate (included) to cover an unused opening.

Trim-Out

All system wire runs are pulled through the PF2 frame. Lay the 1/2 Frame Precision Panel front panel (attached to the PF2) on the floor in front of the frame and make all connections. Dress the wires in neat bundles, being careful not to pull off any punchdown connections, and then carefully place the PF2 back into the frame and secure using the four screws provided.

Limited Warranty

ELAN HOME SYSTEMS L.L.C. ("ELAN") warrants the PF2 Precision Panel Frame to be free from defects in materials and workmanship for the period of two years (2 years) from date of purchase. If within the applicable warranty period above purchaser discovers that such item was not as warranted above and promptly notifies ELAN in writing, ELAN shall repair or replace the item at the company's option. This warranty shall not apply (a) to equipment not manufactured by ELAN, (b) to equipment which shall have been installed by other than an ELAN authorized installer, (c) to installed equipment which is not installed to ELAN's specifications, (d) to equipment which shall have been repaired or altered by others than ELAN, (e) to equipment which shall have been subjected to negligence, accident, or damage by circumstances beyond ELAN's control, including, but not limited to, lightning, flood, electrical surge, tornado, earthquake, or other catastrophic events beyond ELAN's control, or to improper operation, maintenance or storage, or to other than normal use of service. With respect to equipment sold by, but not manufactured by ELAN, the warranty obligations of ELAN shall in all respects conform to the warranty actually extended to ELAN by its supplier. The foregoing warranties do not cover reimbursement for labor, transportation, removal, installation or other expenses which may be incurred in connection with repair or replacement. Except as may be expressly provided and authorized in writing by ELAN, ELAN shall not be subject to any other obligations or liabilities whatsoever with respect to equipment manufactured by ELAN or services rendered by ELAN.

THE FOREGOING WARRANTIES ARE EXCLUSIVE AND IN LIEU OF ALL OTHER EXPRESSED AND IMPLIED WARRANTIES EXCEPT WARRANTIES OF TITLE, INCLUDING BUT NOT LIMITED TO IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.
